

Portable, safe solution to parts cleaning.

Dip Tanks are useful for cleaning parts and sub-assemblies where the volume of work does not warrant use of a larger rinse tank. They are easily moved to accommodate changing production requirements. Dip tanks have manually operated covers which stay open for convenient access. Covers are equipped with a self-closing mechanism and fusible link which melts at 74°C to snap the cover shut in case of fire. Dip tanks with polyethylene liner offer outstanding chemical resistance to permit use with the harsh, corrosive chemicals sometimes used in labs and industrial environments. Liners are easy to clean or replace when necessary.

Bench Cans provide an easy means of cleaning small parts in solvent. Simply place work on spring-loaded, perforated dasher plate, press down and agitate, then release to return dasher to drain position. Plated steel dasher also works as an effective flame arrester to reduce the risk of fire flashback. Hinged cover minimises evaporation losses and protected rim reduces the possibility of hand injury.

27220 Tank with 27005 parts basket

Floor Standing Rinse Tank features a self-close cover that is foot-treadle operated so it can be opened by a worker with both hands full. An adjustable-rate pneumatic cylinder prevents the cover from slamming shut instantly when the treadle is released. 1.9 cm (3/4") drain plug allows for easy solvent replacement.

Utility Products FOR HAZARDOUS LIQUIDS

Dip Tanks

Description and Capacity	Dimension Outer Dia x H	Approv/Lstg Regulation	Red Tank Model No	Yellow Tank Model No	Delvr Wt (kg)
4 litre steel dip tank	238 x 140 mm	FM,UL	27601	27611	2.0
8 litre steel dip tank	238 x 254 mm	FM,UL	27602	27612	3.0
19 litre steel dip tank	349 x 330 mm	FM,UL	27605	27606	5.0
19 litre steel dip tank with HDPE liner	349 x 330 mm	FM	27615	27616	5.0
30 litre steel dip tank	397 x 362 mm	FM,UL	27608	27618	6.0

Bench Cans

Description and Capacity	Dasher Diameter	Dimension Outer Dia x H	Approv/Lstg Regulation	Red Can Model No	Yellow Can Model No	Delvr Wt (kg)
1 litre steel bench can	108 mm	124 x 140 mm	FM	10175	10171	1.0
2 litre steel bench can	191 mm	238 x 83 mm	FM	10295	10291	2.0
4 litre steel bench can	191 mm	238 x 114 mm	FM	10375	10385	2.0
8 litre steel bench can	248 mm	292 x 149 mm	FM	10575	10578	4.0

Floor Standing Rinse Tanks

Description and Capacity	Dimensions W x D x H	Overall Height	Approv/Lstg Regulation	Red Model No	Yellow Model No	Delvr Wt (kg)
97 litre steel floor standing rinse tank	895 x 406 x 305 mm	845 mm	FM	27220	27221	35

Accessory Parts

Description	Dimensions: L x W x D	Model No
Parts basket for dip tanks 27601, 27611	181 (dia) x 76 (h) mm	27901
Parts basket for rinse tank models 27220, 27221	711 x 330 x 102 mm	27005
Sediment screen for rinse tank models 27220, 27221	584 x 349 x 19 mm	27006
