

Safety Cabinets

FOR FLAMMABLES

Safe storage for solvent filled drums.

Vertical Drum Storage Cabinets

safely house one or two 110 to 200 litre drums. All cabinets are supplied with a removable, adjustable, half-depth shelf to store Class III materials or spare accessories such as drum funnels, vents and antistatic wires. Cabinets are also designed to accommodate a drum equipped with a pump or funnel so the cabinet may be used as a pumping station or for waste accumulation. Cabinets are offered with and without roller assemblies which facilitate the movement of heavy drums.

899060 includes rollers

896260
(shown with optional 25920 rollers)

899320
(shown with optional 08800 cradle)

25932 Ramp

Horizontal Drum Storage Cabinets are designed to house drums being used for gravity-flow dispensing. The interior provides space for a drip-can and includes tracks to guide drum-cradle (sold separately) into position.

Ramp for Drum Cabinets aids in loading drums with a hand-cart. Designed to fit all styles of drum cabinets, locator is easily positioned over the sill to keep ramp securely in place. Tread design on surface maximises traction. Load limit: 340 kg.

Yellow Vertical Drum Storage Cabinets

Number of Doors and Style	Drum Capacity	Ext. Dimensions H x W x D	Approv/Lstg Regulation	Sure-Grip® Model No	Delvr Wt (kg)
